

Sizing Chart taken from the Tripleplay website

At Triple Play, our Cycle Wear garments are sized in from XXS (Extra Extra Small) to XXL (Double Extra Large) in the Mens and Ladies sizes whilst Juniors are sized numerically. The size chart below will give you an approximate guide to our garment sizes. If you are unsure of any sizes we can provide samples on request prior to you placing an order, however, sizing kits must be returned before an order proceeds to production. Triple Play sizing is based on a fit that suits the majority of customers. If you have a specific preference for a very tight or loose fit, then we suggest you order a larger or smaller size as appropriate. We can accommodate up to 5XL, however, larger sizes will need to be quoted separately.
